AGL Resources' Golden Triangle Storage accepting non-binding requests for 4 million Dth of firm storage capacity

HOUSTON – October 30, 2009 – AGL Resources (NYSE: AGL) announced today that its wholly owned subsidiary Golden Triangle Storage, Inc. (GTS) is accepting non-binding requests for up to 4.0 million dekatherms (Dth) of firm storage capacity at its facility near Beaumont, Texas.

Non-binding requests for firm storage capacity will be accepted from November 2, 2009, through November 11, 2009. Of the 4.0 million Dth of capacity presently offered, 2.0 million Dth of firm storage capacity will be available beginning November 1, 2010. The remaining 2.0 million Dth of storage capacity will be available beginning April 1, 2011.

Currently under construction, GTS will consist of two caverns, each with approximately 6.0 million Dth of working gas capacity. When completed, GTS will have a pipeline header approximately nine miles in length, providing 300,000 Dth/day of injection capacity and 600,000 Dth/day of withdrawal capacity. The GTS pipeline header system will contain large-capacity interstate/intrastate pipeline interconnections with Florida Gas Transmission, Texas Eastern Transmission, Kinder Morgan Texas Pipeline, Houston Pipe Line Company, Centana Intrastate Pipeline and Golden Pass Pipeline.

Prospective customers should contact John Pellegrin at (832) 397-3881 or Don Wash at (832) 397-8521. Additional information, including capacity request procedures and a request form, is available online at <http://www.pivotalenergydev.com/Commercial-Operations/GTS-Storage-Capacity-Bids.aspx>.
